## YOUR TEAM:

Our team takes pride in being compassionate, dependable, and accommodating to your needs.

Each caregiver is registered with the Department of Social Services, undergoes an extensive background check, and has continuing education so as to always provide the best care.

Through effective teamwork and communication, our team works with you, your family, and your medical providers to promote health and independence.

## SUPPORT SERVICES:

We are available 24 hours a day, 7 days a week to assist you with any urgent matters. In order to provide customized care, we don't feel it appropriate to use a call center. We will always have one of our local office staff answer your call.

Need a caregiver last minute? We offer rapid response time to accommodate those unexpected needs.

In keeping your plan of care as current as possible, our care coordinators perform ongoing assessments on all clients.
